### **Calculating Share Ownership Values**

The value of each individual’s share ownership will be calculated as follows:

1. for existing executives and directors, as applicable:
  - a) the number of common shares beneficially owned as at the Effective Date multiplied by the close price (the “**Close Price**”) of the Company’s common shares on the Effective Date, or such other price as the Compensation Committee may approve;

- b) for Deferred Share Units held by directors as at the Effective Date, the grant date value of such Deferred Share Units;
  - c) for common shares acquired subsequent to the Effective Date, the acquisition cost of such shares; and/or
  - d) for Deferred Share Units acquired by directors subsequent to the Effective Date, the grant date value of such Deferred Share Units.
2. for executives and directors appointed or elected subsequent to the Effective Date, as applicable:
- a) the number of common shares beneficially owned as at the date of their appointment or election multiplied by the close price of the Company's common shares on that date;
  - b) for Deferred Share Units granted to new directors on or subsequent to their appointment or election, the grant date value of such Deferred Share Units; and/or
  - c) for common shares acquired subsequent to their appointment or election, the acquisition cost of such shares.

### **Attaining Compliance Levels**

For those who are not compliant on the Effective Date or date of appointment pursuant to sections 1 and 2 above, further testing on compliance will occur annually at December 31. Once an individual has attained the level of share ownership prescribed by this Policy, such individual is not required to increase his/her holdings to reflect subsequent fluctuations in the market price of the Company's common shares which may cause a decrease in the value of such holdings.

### **Changes to this Policy**

The Board reserves the right, at its absolute discretion, to change this Policy from time to time as it considers necessary.
