Artemis Gold Appoints George Salamis to Board of Directors

Vancouver, British Columbia – Artemis Gold Inc. (TSX-V: ARTG) (“Artemis Gold” or the “Company”) announces the appointment of Mr. George Salamis to the Board of Directors, effective immediately.

Mr. Salamis is an experienced director and seasoned mining executive with over 30 years of international leadership in the mining and resource exploration sector. He is currently the President, CEO and Director of Integra Resources, a growing precious metals producer in the Great Basin of the Western United States. He has an excellent track record of building resource companies and unlocking value through resource project development and managing major producing operations. Mr. Salamis holds a B.Sc. in Geology from the Université de Montréal.

Concurrent with his appointment as an independent director of the Company, Mr. Salamis is also appointed as a member of the Company’s nominating and corporate governance committee and the health, safety, environment and social performance committee.

“We are pleased to welcome George to the Board of Artemis Gold at this pivotal time for the Company as we continue to grow the Blackwater mine through our Phase1A and EP2 expansion projects and continue to advance mine optimization and exploration” said Artemis Gold Executive Chair Steven Dean. “George brings extensive experience across the mining industry and capital markets, and his technical perspective will be a valuable addition to our Board as we grow into one of the largest and lowest-cost gold mines in Canada.”

About Artemis Gold

Artemis Gold is a well-financed, growth-oriented gold and silver producer and development company with a strong financial capacity aimed at creating shareholder value through the identification, acquisition, and development of gold properties in mining-friendly jurisdictions. The Company’s primary focus is the operation and further development of the Blackwater Mine in central British Columbia approximately 160km southwest of Prince George and 450 kilometres northeast of Vancouver. The first gold and silver pour at Blackwater was achieved in January 2025 and commercial production was declared on May 1, 2025. Artemis Gold trades on the TSX-V under the symbol ARTG and the OTCQX under the symbol ARGTF. For more information visit www.artemisgoldinc.com.

Cautionary Note Regarding Forward-looking Information

This press release contains certain forward-looking statements and forward-looking information as defined under applicable Canadian and U.S. securities laws. Statements contained in this press release that are not historical facts are forward-looking statements that involve known and unknown risks and uncertainties. Any statements that refer to expectations, projections or other characterizations of future events or circumstances contain forward-looking statements. In certain cases, forward-looking statements and information can be identified using forward-looking terminology such as “may”, “will”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “continue”, “plans”, “potential” or similar terminology. Forward-looking statements and information are made as of the date of this press release and include, but are not limited to, statements regarding the strategy, plans, future financial and operating performance of the Blackwater Mine, including (i) estimates of grades, throughput, recoveries, future production and sales; (ii) estimates of future costs, all-in sustaining costs, all-in sustain cost margins, and growth capital expenditures; (iii) the extent and timing of any exploration programs; (iv) the plans of the Company with respect to optimizing and enhancing current operations, including the expected costs and benefits of work to be undertaken as part of Phase 1A and EP2 expansions, and the expected timing of procurement, construction, commissioning and completion works; (v) the anticipated life of mine and options to extend, and (vi) other financial and operational expectations of the Company with respect to the mine..

These forward-looking statements represent management's current beliefs, expectations, estimates and projections regarding future events and operating performance, which are based on information currently available to management, management's historical experience, perception of trends and current business conditions, expected future developments and other factors which management considers appropriate. Such forward-looking statements involve numerous risks and uncertainties, and actual results may vary. Important risks and other factors that may cause actual results to vary include, without limitation: risks related to ability of the Company to accomplish its plans and objectives with respect to the operations, optimization, enhancement and expansion of the Blackwater Mine within the expected timing or at all, the timing and receipt of certain required approvals, changes in commodity prices, changes in interest and currency exchange rates, litigation risks (including the anticipated outcome or resolution of ongoing or potential claims and counterclaims, the timing and success of such claims and counterclaims), risks inherent in mineral resource and mineral reserves estimates and results, risks inherent in exploration and development activities, changes in exploration, mining, optimization, enhancement or expansion plans due to changes in logistical, technical or other factors, unanticipated operational difficulties (including failure of plant, equipment or processes to operate in accordance with specifications, cost escalation, unavailability or unanticipated delays to the delivery of materials, resources (including hydropower), plant and equipment or third party contractors, delays in the receipt of government approvals, industrial disturbances, job action, and unanticipated events related to health, safety and environmental matters including climate change, weather events, and the possibility that assumptions relating to hydrogeological conditions, water quality, water availability or related mitigation measures may prove inaccurate or incomplete), changes in governmental regulation of mining operations, political risk, social unrest, changes in general economic conditions or conditions in the financial markets, and other risks related to the ability of the Company to proceed with its plans for the Mine and other risks set out in the Company's most recent MD&A, which is available on the Company's website at www.artemisgoldinc.com and on SEDAR+ at www.sedarplus.ca

In making the forward-looking statements in this press release, the Company has applied several material assumptions, including without limitation, the assumptions that: (1) market fundamentals will result in sustained mineral demand and prices; (2) any necessary permits, approvals and consents in connection with the exploration program or the operations and expansion of the Mine will be obtained; (3) financing for the continued operation of the Blackwater Mine and future expansion activities will continue to be available on terms suitable to the Company; (4) sustained commodity prices will continue to make the Mine economically viable; and (5) there will not be any unfavourable changes to the economic, political, permitting and legal climate in which the Company operates. Although the Company has attempted to identify important factors that could affect the Company and may cause actual actions, events, or results to differ materially from those described in forward-looking statements, there may be other factors that cause the actual results or performance by the Company to differ materially from those expressed in or implied by any forward-looking statements. Accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what impact they will have on the results of operations or the financial condition of the Company. Investors should therefore not place undue reliance on forward-looking statements. The Company is under no obligation and expressly disclaims any obligation to update, alter or otherwise revise any forward-looking statement, whether written or oral, that may be made from time to time, whether because of new information, future events or otherwise, except as may be required under applicable securities laws.
